RELAXED GROOMING EXPERIENCE FOR MEN

## The Boardroom Salon for Men

**After a long work week or business trip**, every man deserves a comfortable place to unwind and relax. One step inside The Boardroom, located in the Southlake Town Square, and you'll be taken back to an earlier, elegant era. Like a sophisticated men's club, The Boardroom combines the Old World charm of dark wood paneling, billiard and chess tables with new world luxuries of a cold beer or beverage and sports on the plasma TV. Whether enjoying an exceptional haircut, relaxing with a traditional hot-lather shave, a massage, or one of the many other rejuvenating spa services, The Boardroom provides the ultimate relaxed grooming experience for men. Friendly, energetic, highly-trained professionals ensure an exceptional experience. Annual memberships, which offer unlimited haircut services for a year and a discount on products, are one of the many unique offerings at The Boardroom. The Boardroom is an authorized retailer for The Art of Shaving, an aromatherapy-based shave line specifically blended for a variety of skin types, and the Dermalogica skin care product line.
